Piazzale Segrino – Isola

In the heart of one of Milan's most vibrant and sought-after neighborhoods, where the charm of local tradition blends with contemporary architecture, we offer a bright 145 sqm apartment on a high floor of a 1960s building with an elevator and full-day concierge service.

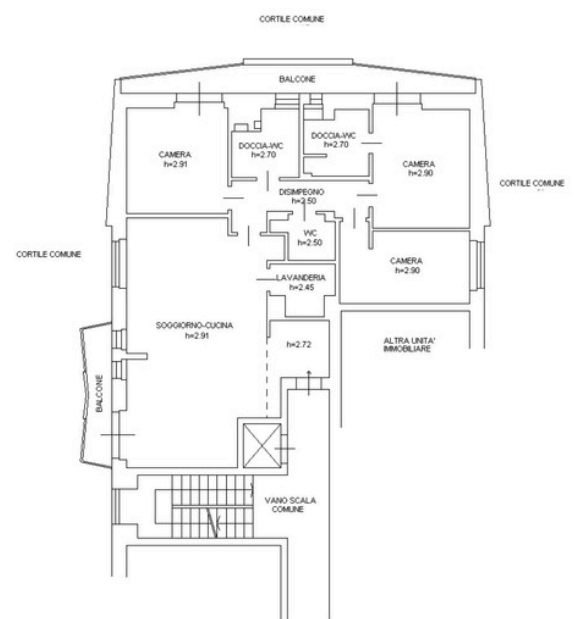

The home, enhanced by triple exposure and large windows, opens onto an airy living area with a modern open-plan kitchen. The sleeping area includes three bedrooms and three bathrooms; there are also two balconies, and a convenient laundry room. The property is completed by a cellar and the option to purchase a garage within the condominium.

The apartment has been fully renovated, never lived in, and furnished with high-quality materials and design solutions. It features central heating, ducted air conditioning, and a controlled mechanical ventilation system (VMC), along with elegant parquet flooring throughout.
